10.6KW Max Continuous Load
Cycle life

10 Year or 4500 cycles (9000 Cycles on BMS display) Warranty
Applicable for all batteries purchased after 2022/11/21
Details:
CAN Bus Comms: Victron, Growatt, Sunsynk, DEYE, Sunsynk, Luxpower
Bulk + Absorption: **56.2v**
Float : **56.2v**
Low Voltage Cut Off: **44v**
Maximum continuous Charge/Discharge For Single Unit: **200A (Recommended 100A)**
Charge for Parallel units: **(100A*"Units In parallel") / 2**
Discharge for Parallel units: **200A * "Units in parallel**
Display Definitions:
OV - Warn: high pressure alarm
OV - Prot: over-voltage protection
UV - Warn: low pressure alarm
UV - Prot: under-voltage protection
OT-Warn : High temperature alarm
OT-Prot : Over temperature protection
UT - Warn: low temperature alarm
UT - Prot: low temperature
OC - Warn: over-current alarm
OC - Prot: over-current protection
CAPA - Warn: remaining capacity of the alarm
OFF - USE: failure alarm
SCP- Short circuit protection
